## DEAN OF STUDENTS – Susan Paulson

Greetings Students:

It has been a long and hard winter but I see many of you coming to class even when it is difficult and I salute your fortitude and determination to succeed. It is near the end of February and how many of you have completed your FAFSA for next year? Did you know that you may receive up to an extra \$600 from a state incentive grant (pending your eligibility) if you submit it before March 15? This weekend was College Goal Sunday and we had about twenty (20) students complete their FAFSA's. I encourage you to do it as soon as you can. Those of you who are going to be graduating and transferring to a four year college need to be sure and complete it before the deadline. It is important for you to do your FAFSA early because the State colleges have early deadlines for transferring unlike FBCC which has an open enrollment and allows you time to complete your paperwork.

Keep up the good work and keep going to class.
